## **Weston, Massachusetts - Wikipedia**

Weaving. Warp and weft in plain weaving A satin weave, common for silk, each warp thread floats over 16 weft threads.. Weaving is a method of textile production in which two distinct sets of yarns or threads are interlaced at right angles to form a fabric or cloth. Other methods are knitting, crocheting, felting, and braiding or plaiting. The longitudinal threads are called the warp and the

In the past, the availability of local scholarships for students attending college was very difficult to find. You had to hear about local scholarship opportunities from people in your community, then track down the person or organization that provided the scholarship in order to get a scholarship application. Even diligent students often missed out on valuable scholarship money.
