Christopher Tollefsen is a profound defense of human life at all stages of development written by two notable philosophers (one of whom, Robert P. George, is a member of the President's Council on Bioethics). Embryo: A Defense of Human Life book by Christopher Tollefsen "Embryo" is a great book for the educated layman on the topic of personhood and beginnings of human life. The authors, George and Tollefsen, explain their thesis in down to earth terms, and without relying on religious arguments. Their position is that the person begins at conception and that the modern biologic sciences affirms this position.
