## The Sanctity of Life | The Center for Bioethics & Human

Richard Reinsch (00:04): Today we're talking with Carter Snead about his new book, *What It Means to Be Human: The Case for the Body in Public Bioethics*. Carter Snead is the director of the de Nicola Center for Ethics and Culture at Notre Dame

University where he is also a professor of law and a teacher in the political science department.

### **Dignity - Wikipedia**

Etymology. The term Bioethics (Greek bios, life; ethos, behavior) was coined in 1926 by Fritz Jahr in an article about a "bioethical imperative" regarding the use of animals and plants in scientific research. In 1970, the American biochemist Van Rensselaer Potter used the term to describe the relationship between the biosphere and a growing human population.

### **Human Cloning | The Center for Bioethics & Human Dignity**

Recently Leon R. Kass, chairman of President Bush's Council on Bioethics, emphasized that the kind of human "dignity" associated with contemporary bioethics and its underlying anthropology is "inhuman," because it "dualistically sets up the concept of 'personhood' in opposition to nature and the body" and thus "fails to do

### **Full list - Treaty Office**

Human dignity is the main philosophical foundation of human rights, as expressed in the Charter of the United Nations, the Universal Declaration of Human Rights and many other documents. The concept of human dignity is meant to distinguish human beings from other creatures, notably animals. It underlines the uniqueness

### **Why Human Dignity is Important - theunitutor.com**

The “sanctity of life” is a phrase that in recent decades became commonplace in the moral and political debates concerning a wide range of bioethical issues: abortion, embryo research, cloning, genetic engineering, euthanasia, and others. Generally it is used by those of us who oppose technologies or practices that we believe violate the intrinsic value of human life.

TerMeulen, Ruud, Dignity, Posthumanism, and the Community of Values, *The American Journal of Bioethics* 10, no. 7 (2010): 69 – 70

## **Universal Declaration on Bioethics and Human Rights**

Center scholars bring expertise in theology, philosophy, basic science, and clinical practice to today's ethical challenges. We seek to promote serious ethical reflection and discourse in pursuit of a just society and health care that affirms the dignity and social nature of all persons.

### **Bioethics.com**

Given the importance of ethics and the protection of human rights in nursing practice, the American Nurses Association is urging RNs to join ANA President Pamela F. Cipriano, PhD, RN, NEA-BC, FAAN, and ANA Chief Executive Officer Marla J. Weston, PhD, RN, FAAN, in signing on to the Health Professionals' Pledge Against Torture.. Physicians for Human Rights launched a pledge May 18 for health

### **Bioethics - Wikipedia**

Given the scientific fact that a human life begins at conception, the only moral norm needed to understand the Church's opposition to abortion is the principle that each and every human life has inherent dignity, and thus must be treated with the respect due to a human person. This is the foundation for the Church's social

doctrine, including

## **HUMILIATION, DEGRADATION, DEHUMANIZATION**

See National Bioethics Advisory Commission, Cloning Human Beings: Report and Recommendations of the National Bioethics Advisory Commission, June 1997. [3] Ian Wilmut et al. , "Viable Offspring Derived from Fetal and Adult Mammalian Cells" , Nature 385 (1997): 810-13.

## **Human rights in patient care: A theoretical and practical**

Also noting international and regional instruments in the field of bioethics, including the Convention for the Protection of Human Rights and Dignity of the Human Being with regard to the Application of Biology and Medicine: Convention on Human Rights and Biomedicine of the Council of Europe, which was adopted in 1997 and entered into force in

## **Respect for Unborn Human Life: The Church's Constant**

Human rights are norms that aspire to protect all people everywhere from severe political, legal, and social abuses. Examples of human rights are the right to

freedom of religion, the right to a fair trial when charged with a crime, the right not to be tortured, and the right to education.

### **Life and Dignity of the Human Person | USCCB**

Human dignity is the fundamental principle of the German constitution. Article 1, paragraph 1 reads: "Human dignity is inviolable. To respect and protect it is the duty of all state authority." Human dignity is thus mentioned even before the right to life. This has a significant impact on German law-making and jurisdiction in both serious and

### **What Is a Human Person and Who Counts as a Human Person**

At its 32nd session in October 2003, the General Conference considered that it was "opportune and desirable to set universal standards in the field of bioethics with due regard for human dignity and human rights and freedoms, in the spirit of cultural pluralism inherent in bioethics" (32 C/Res. 24).

### **Bing: Human Dignity Bioethics And Human**

Furthermore, human rights add to bioethics both "a method for arriving at

concrete decisions” about how to judge complex and ethically challenging clinical interactions and a set of procedures for enforcing those decisions. 31 According to the International Dual Loyalty Working Group, “[T]he four principles [of bioethics] do not provide a

### **Center for Clinical Bioethics | Georgetown University**

The Convention is the first legally-binding international text designed to preserve human dignity, rights and freedoms, through a series of principles and prohibitions against the misuse of biological and medical advances. The Convention's starting point is that the interests of human beings must come before the interests of science or society.

## **The Law of Bioethics and the Human Person - Law & Liberty**

Dignity is the central term in assessing technological developments for their application to human life (Human dignity and bioethics: essays commissioned by the President's Council on Bioethics, 2008). Dignity is also used to argue against abortion, against the pre-natal experimentation on early human life.

## **Universal Declaration on Bioethics and Human Rights: UNESCO**

The dignity of the human person, realized in community with others, is the criterion against which all aspects of economic life must be measured. All human beings, therefore, are ends to be served by the institutions that make up the economy, not means to be exploited for more narrowly defined goals.

## **Human Dignity | Internet Encyclopedia of Philosophy**

The International Bioethics Committee was created in 1993. The IBC is a body of 36 independent experts that follows progress in the life sciences and its applications in order to ensure respect for human dignity and freedom. Why is the IBC looking at genetic advances such as genome editing?
