Multiculturalism and diversity in clinical supervision : a competency-based approach / edited by Carol A. Falender, Edward P. Shafranske, and Celia J. Falicov. Format Book Edition First edition. Published Washington, DC : American Psychological Association, [2014] Description

Multiculturalism and diversity in clinical supervision : a

Scholarship on diversity and multiculturalism has gone through a process which began with the traditional acceptance of rigid, separate categories into which groups of persons were divided according to noticeable or invented differences. Challenging the categories as neither natural nor separate, denaturalizing them, led to the insight that this ordering system was connected with power—the

power by which difference is turned into dominance.

Multicultural Counseling: Types, Strategies, and Techniques

Many people use the terms diversity and multiculturalism interchangeably, when in fact, there are major differences between the two. Diversity is defined as the differences between people. These differences can include race, gender, sexual orientation, religion, background, socioeconomic status, and much more.
