WaterSwitch provides automatic selection between rainwater from a tank and water from mains. A seamless supply of water (tank or mains) is delivered to household demands such as toilet cistern filling, washing machines, garden watering and car washing. The WaterSwitch can be fitted to most household pumps in the Onga range. Applications WATERSWITCH | Pentair Onga The Simer pump removes unwanted water quickly and efficiently, leaving a residual water level of just 2 mm, while operatable at a water level of just 5 mm. The removable strainer, with a mesh size of 2 mm, reliably protects the hydraulic system from coarse solids. The variable hose connector allows connections to be made quickly and easily. SIMER | Pentair Onga Onga Household Pumps - Our Pumps are perfect for all domestic applications including water transfer, irrigation and garden water supply.
