See Article History. Special effects, Artificial visual or mechanical effects introduced into a movie or television show. The earliest special effects were created through special camera lenses or through tricks such as projecting a moving background behind the actors. Greater flexibility came with the development of the optical printer, which made it possible to combine separate pieces of film and replace part of an image, thus allowing for effects such as characters flying through the air. Special effects | theatrical production | Britannica Buy Special Effects 2015 by Dan North, Bob Rehak, Michael S. Duffy (ISBN: 9781844575176) from Amazon's Book Store.
