Stability of Tropical Rainforest Margins Linking Ecological, Economic and Social Constraints of Land Use and Conservation Editors: Tschardtke , T., Leuschner , C., Zeller , M., Guhardja , E., Bidin , A. (Eds.) Stability of Tropical Rainforest Margins - Linking ... In most tropical countries, rainforests are encroached by the local population and converted into agricultural land or pasture at constantly high rates. An increasing portion of this new agricultural land is abandoned within a few years and left for succession by woody plants. Fine root mass, distribution and regeneration in disturbed ... Stability of tropical rainforest margins : linking ecological, economic and social constraints of land use

and conservation. [Teja Tschardt;] -- The stability of rainforest margin area has been identified as a critical factor in the preservation of tropical forests. Stability of tropical rainforest margins : linking ... The stability of rainforest margins has been identified as a critical factor in the preservation of tropical forests, e.g., in Southeast Asia, one of the world's most extensive rainforest regions. Land Use, Nature Conservation and the Stability of ... Stabilizing the rainforest margin areas has been identified as a critical factor in the protection of tropical forests, with important implications for global climate change and biodiversity protection. Workshop German Research Program Stability of Rainforest ... The analysis of policies and

socio-economic and ecological determinants that either stabilize or threaten tropical forest margins requires a holistic interdisciplinary scientific approach. Such an approach has been adopted by a large scale research program titled “Stability of Rainforest Margins in Indonesia” (www.storma.de). CORE The stability of rainforest margins has been identified as a critical factor in the preservation of tropical forests, e.g., in Southeast Asia, one of the worlds most extensive rainforest regions. Land use, nature conservation and the stability of ... The decrease of rainforest resources is, to a substantial degree, connected with the destabilization of these systems. Accordingly, the search for measures and processes, which prevent

destabilization and promote stability is regarded as imperative. This refers to both the human and the natural part of the forest margin ecosystem. Land Use, Nature Conservation and the Stability of ... Shaded coffee and the stability of rainforest margins in northern Latin America. I Perfecto, I Armbrecht, SM Philpott, L Soto-Pinto, TV Dietsch. Stability of tropical rainforest margins, 225-261, 2007. 146: 2007: Reduced diversity and complexity in the leaf-litter ant assemblage of Colombian coffee plantations.
